

Statistically, 75% of young people with a Christian background who enroll at university stop going to church. For any army to lose three quarters of its forces is catastrophic.

The Biblical Worldview Summit practically prepares students to deal with the issues, temptations and pressures of university. The Summit equips students with the facts and the skills they need to deal with Humanism and Evolutionism. The Summit applies the Lordship of Christ to all areas of life.

“And do not be conformed to this world, but be transformed by the renewing of your mind, that you may approve what is that good and acceptable and perfect will of God.”

Romans 12:2

The Summit is a crash-course to enable students to understand and articulate the Christian worldview, to enable you to answer the toughest questions and to equip you with the skills and the confidence you need to respond to every challenge to your Christian faith.

Christianity is not for the weak minded. It is not enough to simply believe. You have to know **wh**

The Summit can change your life.

Participants of previous Summits have written these responses:

“See to it that no-one takes you captive through hollow and deceptive philosophy, which depends on human tradition and the basic principles of this world rather than on Christ.”
Colossians 2:8
