

SLAVERY, TERRORISM AND ISLAM

NOW AVAILABLE AS AN E-BOOK

Bestseller

No Frontline Fellowship publication has engendered more controversy, and been in more demand worldwide, than: ***Slavery, Terrorism and Islam - The Historical Roots and Contemporary Threat***. The first 4 editions and 6 printings sold out so fast that we are almost continually out-of-stock.

Death Threat Fatwa

The first edition earned Dr. Peter Hammond a Muslim death threat *Fatwa*, and Amazon.com began offering second hand copies of the hard-to-find book for hundreds and then thousands of dollars a copy! It was clear that we needed to re-print, but Peter was determined to thoroughly revise, expand and produce a more reader-friendly copy with larger typestyle and bigger pictures.

Updated and Expanded

This fourth edition of ***Slavery, Terrorism and Islam*** is now available - both in print and as an E-Book. This fourth edition is now three times the size of the first edition and is one of our most successful publications, both in terms of educating and alerting Christians as to the dangers of Islam and mobilising Christians in effective evangelism of Muslims.

A Clash of Civilizations

Dr. Peter Hammond's bestselling book: ***Slavery, Terrorism and Islam - The Historical Roots and Contemporary Threat*** is a fascinating, well-illustrated and thoroughly documented response to the relentless anti-Christian propaganda that has been generated by Muslim and Marxist groups and by Hollywood filmmakers. As Karl Marx declared:

"The first battlefield is the re-writing of History!"

Opposition

Slavery, Terrorism and Islam was first published in 2005 and quickly sold out. It earned Dr. Peter Hammond a death threat *Fatwa* from some Islamic radicals. We have included the story of that in an appendix of this book.

Well Illustrated

The demand for the *Slavery, Terrorism and Islam* book was so intense that Amazon.com advertised second hand copies of STI for US\$92 plus postage! This fourth edition hard copy consists of 290 pages, over 200 pictures, maps and charts. This edition includes new pictures and expanded chapters on *Women in Islam*, and new chapters include:

The Crusades and Jihad

,
Muslim Evangelism in Universities

,
Churchill on Islam

,
Islamic Attacks on Christ and the Bible

,
The Battle Over History

and

The End of Islam

. Even though we have greatly increased the content, size of, and number of chapters in the book we have kept costs down so that we can offer these books at just US\$15 each for the printed books and US\$ for the

Empowering Your Evangelism

It is our earnest prayer that the Lord will use this book to alert Christians to the real threats, the

urgent needs and unprecedented opportunities before us to reach Muslims with the life-changing Gospel of our Lord Christ. May God be pleased to inspire, energise and equip us to fulfil the Great Commission of our Lord Jesus Christ in Muslim communities, in our neighbourhoods, and throughout the Middle East and the 10-40 Window. Whatever you can do to help us make this book, and the complementary *Muslim Evangelism Workshop* audio-CDs and MP3, better known and more widely available will be greatly appreciated.

Setting the Record Straight

Slavery, Terrorism and Islam sets the record straight with chapters on *Muhammad, the Caliphas and Jihad, The Oppression of Women in Islam, The Sources of Islam* and

Slavery the Rest of the Story.

With over 200 pictures, maps and charts, this book is richly illustrated. It consists of 16 chapters and 13 very helpful appendixes including demographic maps of the spread of Islam, a Glossary of Islamic Terms, a comparison of Muslim nations' military spending vs. their national prosperity, a chart on how Jihad works depending on the percentage of Muslims in the population and Guidelines for Muslim Evangelism.

Endorsements from Christian Leaders

"Peter has ministered in these areas and has first-hand knowledge not just of slavery but of torture and terrorism. As he shows so clearly in the book, these atrocities are part of the very fabric of Islam. This short book is a wonderful overview with a very comprehensive guide to how to witness to Muslims. This book is highly recommended." **Dr. Ted Baehr, Movieguide**

"The conflict between Islam and the rest of the world may dominate the headlines, define our foreign policy, and give new urgency to the day-to-day mission of our churches, but why that is the case is still not very well understood. It is for that reason that Frontline Fellowship has produced this vital new study of one of the most neglected aspects of Islam. Born out of the difficult experiences of missionaries on the front lines of the battle for the soul of Africa, this book is designed to equip ordinary Christians from every walk of life to wisely and scripturally minister in a world where the conflict between Islam and civilization is all too obvious." **Dr. George Grant, Kings Meadow**

"Peter knows first hand the nature of the enemy the West is facing and exposes it brilliantly in his book in Islam. He begins by documenting the close relationship between Islam and slavery and then chapter by chapter reveals the terrible cost of thirteen centuries of Islamic invasion, conquest and brutalization. This is a book that every Christian should read and pass along to friends; and one that every home-schooling family should require as part of their children's curriculum." **Dr. Brian M. Abshire, International Institute for Christian Culture**

"Dr. Peter Hammond cuts through layers of misinformation and uncovers astonishing historical facts and details long buried by Islamic revisionists. You'll find out their real agenda for tomorrow by discovering what they actually did yesterday - plus a field-tested plan of how to win Muslims to Christ." **Rev. Bill Bathman, Chairman of the Board of Frontline Fellowship**

"Slavery, Terrorism and Islam is a well-researched account of historical events that impact directly on present developments. For the sake of this generation, and coming ones, someone had to do what Dr. Peter Hammond has just done; setting the record straight on the different role players in the slave trade." **Rev. Fano Sibisi, KwaSizabantu Mission**

"Slavery, Terrorism and Islam, is must reading to all those who want to find out the roots of the terrible Terrorism that is threatening global security. Slavery, Terrorism and Islam traces the roots of terrorism quite scientifically, and especially the roots of Quran itself are very interesting. It will help and extensively educate the International community to understand this monster called Terrorism." **Rev. Jeffreys Kayanga, Episcopal Church of Sudan**

Middle East Responses

The new, expanded edition of [**Slavery, Terrorism and Islam – the Historical Roots and Contemporary Threat**](#) received much interest and positive responses, from as far afield as Alaska and the Middle East. A message from a Christian in a Middle Eastern country said their government blocks access to our www.frontline.org.za website. However he accesses it whenever he is out of the country.

A Christian in a Middle Eastern country wrote:

"It's silent heroes like you that inspire us to push the envelope in our Christian walk. Its men like you that are indeed true to the Word of God. Unfortunately, much of the Gospel preached centres around health, wealth and prosperity so that evangelism such as you engage in is the remotest thing on the mind of many Christians."

Strategic

Another man who had obtained a copy of *Slavery, Terrorism and Islam* wrote to us: "It is a fascinating volume that transmits the strategic tone of what is unfolding in Africa and you clearly communicate the implications should this opposing belief system prevail."

Invaluable

One review from an American authority states: "*Slavery, Terrorism and Islam* is an invaluable desk reference and primer for analysts addressing Islam as an ideological force...although written from a Christian missionary perspective, the text is useful for secular analysts researching a civilizational force on the march. Unlike the academics who debate that a clash of civilisations is even in progress, Hammond writes from the perspective of one decisively engaged in that civilizational fight...there is abundant material for secular researchers dissecting an aggressive ideology."
